We hope to see you in Darwin in 2021 for the DIAKONIA World Assembly! The venue is a short 5 minute drive from the airport, and set in landscaped tropical gardens, with fully serviced, modern accommodation, 2 pools, and conference facilities. A short stroll takes you through Casuarina Coastal Reserve to Lee Point beach that stretches for miles, for a sunset stroll or bird watching.

It's a great time to visit the 'top end' of northern Australia. July is right in the middle of the tropical 'dry' season, with warm, sunny days and balmy nights.

Darwin is laid-back and unhurried, but never dull. Darwin lives and breathes the Aboriginal culture of this ancient land. It has been multicultural since before colonial settlement. Visitors can enjoy food markets, the vibrancy of many cultures living side by side, gorgeous sunsets, and outdoor adventures. Those who come earlier or stay after the Assembly can plan for tourism adventures in the Darwin region, Kakadu, Arnhem Land and beyond, or even travel on the Ghan train through the outback all the way to Adelaide.

International flights arrive directly into Darwin Airport from hubs in Asia, and from capital and many regional cities and other centres in Australia.

**Keep a look out on the DIAKONIA website for information. Registration will be from mid 2020. Share with members in your association and let's make this a great celebration of diaconal ministry!**
